Relevant Experience

Front-End Developer - Ancilla Technologies Ltd.

October 2022 — January 2023

- Created reusable user interface components using React.js to enhance code maintainability and scalability
- Participated in meetings to gather constructive feedback and suggestions from the project manager and CTO to improve code quality, maintainability and efficiency
- Implemented state management using Redux Toolkit to manage global application data and maintain consistent state across different components
- Collaborated with key stakeholders to conceptualize and design intuitive layouts and visually appealing components using Figma

Personal Projects

Task Web Application

Tech used: TypeScript, React.js, Redux Toolkit, Material UI, Node.js, Express, MongoDB

- Features authentication to let users sign in and sign up
- Permit users to create, read, update and delete a particular task
- Provides a way to toggle user roles or delete a user for users with an admin role specified

Cryptocurrency Web Application

Tech used: TypeScript, React.js, Redux Toolkit, Chart.js, Chakra UI

- Provides a way to view a list of global cryptocurrencies ranked from top to bottom using the CoinGecko API
- Indicates historical data of previous prices in the graph
- Depicts the price change percentage gains and losses for a specific time
- Can search for a coin and choose a currency to display price value based on the selected currency

E-commerce Web Application

Tech used: React.js, Firebase, Commerce.js, Redux Toolkit, Chakra UI

- Allow users to sign up or sign in via Firebase Authentication
- Integrates a headless commerce back-end to display storefront products and categories and perform cart operations
- Can add or remove a product from both cart and favorites

Skills & Expertise

Front-End

HTML, CSS, SASS, React.js, Next.js, Tailwind CSS, Chakra UI, Material UI

Back-End

Node.js, Express.js, MySQL, MongoDB

Programming Languages

JavaScript, TypeScript

Tools

Git, Postman, Figma

Front-End Libraries

React Storybook, React Query, Redux Toolkit, React Hook Forms

Education

Polytechnic University of the Philippines

Bachelor of Science in Computer Science

Sta. Mesa, Manila

July 2015 — Present
